

MUST BE STOPPED.

THE LIGHTNING SPEED OF TRAINS IN WEST BERKELEY.

Four Cows Killed and Two In Jured by the Overland Last Night.

There is an ordinance in Berkeley stating that railroad trains shall not be run through the town at a greater speed than eight miles an hour, and this ordinance is being constantly violated by the Railroad Company. It is impossible for the Marshal and his deputies to stand guard at all times to see just how fast the trains are running as they have duties elsewhere.

The only way to accomplish the slow running of trains is to make all trains come to a full stop in West Berkeley. If this was done they cannot get under headway again until all danger is passed. At the present time Third street is completely blocked with railroad tracks and the danger from even a slowly moving switch engine is great.

The climax of this fast running was had last night when the Oregon Express came thundering along from the mole at a speed of about 40 miles an hour.

At this time a band of cattle were being driven down University avenue to the steamer Mare Island, and before the herders could turn them back, the train was upon them, and the frightened animals rushed this way and that way up the track, and were scattered right and left by being struck by the engine, which had by the time it was stopped mangled four of the animals so badly that they had to be shot by Deputy Marshal Rawson. Two others were also badly hurt by the cars.

It took some little time to clear the tracks before the train could proceed, and in the meantime hundreds of people were attracted to the spot, and condemnation for the railroad company was heard on all sides.

Had the company had a flagman stationed there as it should have, the accident would not have happened, or had the train been running at 8 miles an hour the engine could have been stopped before it ran over the cattle.

The company, of course, can pay for the cattle and will probably do so, but if the train had been derailed and the cars piled up in a heap, it could not bring back to life the passengers who would have been maimed and killed.

The railroad is a necessity and the company to which it belongs should not be harassed, but the people have some rights which they are bound to respect, and the stopping of trains at West Berkeley is one of those rights.

It is hoped that at the next meeting of the Board that an ordinance will be introduced making the company stop all trains at West Berkeley. If the company then tries to run a bluff as they did before, saying that they would take off the local, take their franchise from them and they will soon come to time.

The accident last night should cause this matter to be settled at once so that a more serious accident in the future may be avoided.

The dead animals were carted off early this morning and the other animals were taken to the city.

That it is always best to allow an officer to attend to his duties in his own way as he best understands his duties.

That the I. O. O. F. will meet in regular session this evening at Odd Fellow's hall, East Berkeley.

That there seems to be a difference of opinion in reference to how fast the overland train which struck the cattle last night was running.

Paper on Current Criticism

Miss Bertha Rickoff of Berkeley read a paper yesterday afternoon before a number of guests assembled at the residence of Mrs. C. W. Howard of Alice street, Oakland, on current criticism of the modern novel. Miss Rickoff gave a delightful reading of a theme that was carefully and intelligently handled.

Pacific Bank Affairs

A comparative statement of the affairs of the Pacific Bank from the date of its failure, June 22, 1893, to August 31, 1893, has been issued by J. E. Farnum, secretary and manager of the institution. All of the debts due banks and bankers have been paid. The liabilities of the bank have been reduced \$1,071,092 41. The amount due depositors has been reduced nearly \$200,000. The present liabilities of the bank do not exceed \$650,000.

Accidental Death.

In the inquest on the little boy, Robert Wilson, who was burned to death near his home in Berkeley, the facts were developed as published yesterday. Coroner Baldwin held the inquest at the house, which is situated a considerable distance up the hills north of the State University. The mother of the little boy said that she never allowed her children to have matches and she did not know that they had a fire until she was hastily summoned by one of her other children. The jury brought in a verdict of accidental death.

Was an A. R. U. Striker.

Edward Wickham, who was formerly employed by the Southern Pacific Company, was convicted of felony embezzlement yesterday by a jury in Judge Frick's court.

When the American Railway Union strike occurred in July of last year Wickham "went out" with the strikers. He was elected Assistant Secretary of the Strike Committee at West Oakland. Later he gave such evidence before the United States Grand Jury that his fellow strikers suspected him of turning informer.

President Roberts of the American Railway Union says that Wickham had in his possession the only complete list of strikers, and that as the railroad company has such a list, the inference is that Wickham furnished it.

On June 3rd of the present year Wickham secured possession of a horse, harness and buggy from H. W. Baker, a livery stable proprietor of Fourteenth street, near the Oakland City Hall. Wickham represented that he wanted to use the horse and buggy for two days.

The next heard of him he was in Hantford, where he was arrested. He had sold the liveryman's rig in Fresno, and was sporting around in the lower end of the San Joaquin Valley on the proceeds of the sale.

Wickham set up the plea that the horse, buggy and harness were worth less than \$50, and that hence his offense was nothing more than a misdemeanor. He was promptly pronounced guilty of felony embezzlement and was ordered to appear for sentence Monday next.

Small Estate.

Nathan C. Carnall, the San Francisco real estate dealer, who died on August 26th, left a very small estate. His wife has applied for letters of administration on the property, which consists of \$500 worth of personal effects in his Oakland home, 300 shares of stock in the N. C. Carnall Company valued at \$100, and 300 shares of stock in the Carnall-Hopkins Company valued at \$100, besides some other small items.

LOCAL HAPPENINGS.

GATHERED BY OUR REPORTERS ON A HOT DAY.

But Written up in Such a Manner That it Refreshes One to Read Them

His Tresses.

Robbie Wilson, the Berkeley infant who was burned to death Monday night, had long hair which tossed in ringlets about his face. The mother was so pleased with this that she was accustomed to say:

"Baby must not let any one cut off his hair."

When the poor little fellow was screaming with pain, his clothes all ablaze, he was seen to put up his hands to save his hair, having in mind his mother's fond words, tucking the locks under his cap. He lost his life but the flames spared his hair. The mother saved some of the tresses.

The funeral took place yesterday afternoon. The home of the Wilsons is on an incline so steep that the carriage could not reach it, and the casket had to be brought down to the road by hand. The funeral was held in St. Mark's Episcopal church, the service being read and prayers offered by the rector. Sympathetic neighbors brought in bouquets of flowers, and these were heaped upon and around the little white casket.

Superb Building Sites.

Those who are figuring on participating in the auction sale of the Boulevard tract in Oakland will not have long to wait, for next Saturday afternoon at 2 o'clock the lots will be disposed of. It has been many years since so much interest was taken across the bay in a real estate event, and this is owing to the splendid equipment of the property and its availability for residences.

The combination of scenic charms is one that cannot be equaled in Alameda county, for Lake Merritt fronts the lots and the Piedmont hills keep guard on the north. The City Hall of Oakland is only half a dozen blocks away and a network of electric lines keep the tract in touch with the town.

The property is ready for immediate building. It is surrounded by macadamized streets and cement sidewalks and is thoroughly sewered and lighted. The opportunity is the best investors and homeseekers have had for many a day.

A Professor in Arizona.

Dr. N. H. Claffin left Berkeley last Friday for Phoenix, Arizona, where he has accepted the position as Professor in the University of Arizona, and will be located in the Agricultural and Experimental Station at Phoenix, under Prof. W. S. Devall.

For some time Doctor Claffin has been connected with the University of California, he having had much practical as well as scientific knowledge of all matters pertaining to viticulture, horticulture and agriculture. His work here was so commendable that the faculty of the University recommended him to the University of Arizona as in every way adapted to assist in the conduct of the important Agricultural and Experimental Station at Phoenix, and he will enter upon his duties October 1st. The Professor stopped on his way down at Riverside, where he established his reputation as a scientist in horticultural matters.

That the "smoker" given by the Crescent Athletic Club last evening was a very pleasant affair, and was thoroughly enjoyed by all who were present.

Can't Understand Them.

On Tuesday afternoon the new University coach, Mr. Butterworth, had occasion to send a telegram East, and accordingly he went into the Western Union Telegraph office in East Berkeley to send the message.

Upon entering he was handed a blank by that handsome and vivacious little female operator in charge who distributes electricity to all parts of the world, with one of her most winning smiles, although she did not know then that she was in the presence of one of the greatest football players in the world.

After he had written the message and passed it over to her, she counted the words and told him the cost of sending it.

He then tendered a greenback for the payment of the same. She not having the requisite amount of money to give him the change, informed him of the fact and the famous coach, excusing himself for a moment, went out to procure the change. He returned in a few moments with a handful of silver, paid the cost of the telegram, and then laying the silver on the counter, asked her whether she could give him small bills for the same.

She informed him that small bills were not in use here and that only silver was used for small change.

"Great Heavens!" said Butterworth, "silver tears all the clothes off my back."

"I have not noticed it," remarked the pretty little operator, thinking to herself that the weight of the silver she possessed would never tear her clothing much.

Butterworth gave her one look and said, "I should hope not," and vanished as quickly as possible.

It was some minutes before it dawned upon the young lady what he meant and then she collapsed, and her last remark was, "I never could understand these eastern people."

U. C. Notes.

C. C. Cross, president of the University of California Wheelmen, has called a meeting of the club for tomorrow afternoon. Captain Baer has arranged for a run in Alameda county at the end of which a dinner will be provided.

The Pacific Coast championship field day will take place on the Berkeley oval Saturday, October 5th. These games were to be held in Sacramento September 10th, but were postponed on account of the heavy rain on that day. Teams from all the important athletic clubs about the bay will try for the championship.

Charles H. Shinn, inspector of the Agricultural Experiment Station at Berkeley, has offered an inducement to having the desired high, close fence about the athletic campus. He says if the Regents will permit the students to build such a fence he will see that it is an adornment rather than a disfigurement to the grounds. He offers to cover the structure with perennial vines and flowers, which will be quite a contrast to the bare, desert-like college campus. He thinks he can make a combination of blue and yellow flowers the college colors, which will be very pretty.

The Freshman class will meet tomorrow afternoon to decide about holding their glee.

That a number of people last evening were profuse in their suggestions to Deputy Marshal Rawson as to what he should do in reference to the railroad accident at the corner of University avenue and Third street, and that they were justly rebuked, the editor of the GAZETTE among them, and that the latter personage is perfectly willing to apologize when he is wrong.

PASTOR GIBSON BEING PLACED A BAD LIGHT.

Forrest Fires Causing Alarm In New Jersey - A Girl Thief Arrested.

Special dispatches to the GAZETTE.

San Francisco, Sept. 26 Owing to the intense heat today the attendance in Judge Murphy's Courtroom this morning when the Durrant case was called was smaller than on any day since the trial began.

The attorneys for the defense in line with the statement made by Duprey before the jury yesterday introduced evidence to connect and fix the crime of murder upon the pastor, J. George Gibson.

Sergeant Burke was placed upon the stand and he testified that he had found a shoe in the pastor's study with blood upon it.

Detective Cody testified to the finding of the pastor's tool box and to the fact that there was a chisel missing from it. He also testified that he found the missing chisel at the door of the belfrey, where it had been used to pry the door open.

Dr. W. T. Cheeney of Cooper's Medical College was called to the witness stand and he testified that he had no recollection of seeing Durrant present at his lecture on the afternoon of April 3rd, but that the roll call did not note his absence.

The defense then offered to introduce a copy of the roll call of that day in evidence, but it was objected to by the prosecution, as not being the proper and duly accredited record of that day.

Duprey then made a long argument trying to show from his standpoint that it was the proper record, and that it was right and proper that it should be used as evidence.

District Attorney Barnes followed in a long argument full of personalities as was that of Duprey, and it is conceded that these arguments were the hottest rounds and the first evidence of a fight that has occurred during the trial, and it is surmised that from this time on every point will be argued point by point as the trial progresses.

As it was extremely warm and Judge Murphy wished a little time to rule on the question a recess was taken until 2 o'clock. The defense is by every way in its power trying to cast the murder of Blanche Lamont upon the Reverend J. George Gibson and it is intimated that when Durrant take the stand that he will give some startling evidence against the Rev. Gibson.

A Girl Thief.

NEW YORK, Sept. 26--Mamie Craig a chambermaid employed in the Hotel Imperial, was arrested this afternoon, charged with stealing more than \$4500 from the chest of the hotel safe.

New Grain Rates.

San Francisco, Sept. 26--The printed schedule of the grain tariff No. 1, adopted by the Railroad Commissioners on September 17th, was served upon the Southern Pacific Railroad Company today. It provides for an eight per cent horizontal reduction in grain rates. The Commissioners have decided to allow the Railroad Company 20 days before the law goes into effect.

A \$30,000 Blaze.

MINNEAPOLIS, Sept. 26--A fire broke out in the Chamber of Commerce building located on the corner of Fourth street and Fourth avenue at 9 o'clock this morning and for awhile it looked as though the building would be destroyed. The upper floors were gutted and the loss will exceed \$30,000 with an insurance of \$100,000.

It Is Said

That old Sol shed his rays pretty straight today, and the humble mortal said "It's hot."

That the people of West Berkeley are to be congratulated on having a fine beach, and this afternoon a large number of bathers could be seen delving in the briny deep.

That two blacksmiths of Seattle, Wash., have solved the mystery of welding copper and steel together. If they really have the secret their fortune is assured.

That while the telegraphic news in the GAZETTE are first class they are not as extensive as we desire but that the deficit will be remedied next week.

That while we are complaining of the warm weather, the raisin growers are jubilant because the work of raisin curing is going on in fine shape, and that some government castings in gold and silver will be dropping into their pockets.

That lemons are now commanding \$10 per box, and that many Southern California growers, who know how to cure lemons, and have stocks on hand are piling up large bank accounts.

That, owing to the way the flies bite today, rain will follow this hot spell.

That the GAZETTE has no strings tied to it, and that it is not afraid to speak right out in meeting, no matter who it favors or who it hurts.

That a gentleman who saw a copy of the GAZETTE in the Palace Hotel, came over to Berkeley today to see whether the inducements it held out for the investment of capital were true, and that he went back to San Francisco more than satisfied with his visit, and that he informed the editor that he intended to have a slice of Berkeley property before he returned to the east.

That the East Berkeley business office of the GAZETTE is with the Western Union Telegraph Company, and the West Berkeley office with R. E. Dickieson & Co., on University avenue. You will always find at either office a lady or gentlemen clerk, who will receive your advertisements or order for job printing of every description.

That ten carloads of stock consigned to Butchertown passed through West Berkeley this morning.

That the reception that was to have been given to the Rev. Mr. Pierce of the West Berkeley Methodist Church last evening did not come off as that gentleman and his family will not be able to get here before Saturday being unavoidably delayed in his moving.

That the thermometer climbed up to a high notch today and that lean people as well as fat ones complained of the heat.

That President Richards of the Board of Trustees called at the GAZETTE office today and expressed his surprise at seeing such a large and well equipped printing office in Berkeley.

That Otto Funda still remains with us, being loth to return to his home in Tehama, where he knows that the heat at the present time is intense.

That the business men of Golden Gate appreciate the GAZETTE and one by one their advertisements are appearing in these columns, while the subscription list in that place is assuming large proportions.

That it is the intention of Captain Thomas to eventually turn over La Loma Park to the town of Berkeley for a public park and breathing place.

TOWN OFFICIAL PAPER.

THURSDAY, SEPTEMBER 26, 1895

WHERE IS THE REST?

The Electric Company has used up the \$60 worth of paint appropriated by the town for the purpose of painting the electric light poles. The entire line has recently been carefully gone over, the trees trimmed, and all necessary repairs and improvements made to insure proper service when the storms and winds of winter add to the difficulties to be encountered in affording proper facilities for street and house illumination.—Berkeley Herald.

There is very little paint to be seen on the poles, but as they have only used \$60 worth probably the other \$25 worth that the town paid for, if used, will make the work a little more perceptible. Maybe the business manager (?) might answer the question if he had a civil streak on.

SUPREME IMPUDENCE.

Several weeks ago Senator Perkins announced that on next Friday evening he would give a reception to the Star King Fraternity at his residence on Vernon Heights in Oakland.

In the meantime he has been at great expense preparing for the event which will probably be the greatest social event that has taken place in Oakland for a long time.

A few days since the ladies of the Women's Congress in Oakland waited upon the Senator and asked him to postpone his reception because Rev. Anna Shaw was going to deliver a lecture in Oakland on the same evening. The Senator courteously but firmly declined to postpone the reception and now the Oakland ladies are mad and speak of the Senator in anything but tender language.

It looks as though the Oakland ladies who made the request were very selfish. Anna Shaw is getting well paid for her time and her lectures, and is in fact under no expense as her traveling and hotel expenses are paid by Mrs. Leland Stanford; consequently one day is just as good as another for her lecture, and if the Perkins reception conflicts with it, why, let Anna Shaw wait. People are not in the habit of arranging their receptions so as not to conflict with the dates of lecturers or other public speakers, and it will be a long time before they will do so. The request of the Oakland ladies savors of the most supreme impudence.

IT PAYS TO ADVERTISE.

A few days ago the following advertisement appeared in the columns of the GAZETTE:

FRESH Jersey milk cow for sale; also good buggy horse. Mrs. Barclay, Derby street, opposite Hales nursery. 117

Yesterday the following letter was received at this office:

EDITOR GAZETTE—"Please take out the above advertisement as we have sold the cow and the horse, thanks to the GAZETTE." Yours,
E. C. BARCLAY.

The GAZETTE is acknowledged by every one to have the largest circulation, consequently it visits people of all kinds, people who want to buy and people who want to sell. They scan its advertisements regularly, and the people who advertise are thereby benefitted. If you have anything to advertise be sure and put it in the GAZETTE and you will be benefitted as was the above named advertiser.

THE BOND QUESTION.

It is now a well settled fact that the building of a new High School will have to be deferred for awhile as the necessity for grammar and primary schools is far greater at the present time than a High School.

While we would like to see a handsome new High School erected, and are heartily in favor of it, the question of finance has got to be considered first. The past three years have been

hard ones, and it has been all that the majority of the people of Berkeley could do to keep the wolf from the door, and pay the installments as they come due upon their homes, and in many cases the homes had to be given up and the people lost all they had paid.

While the sum of \$120,000 in bonds is not very large, and the difference in taxes upon the individual is not very great, it is hard to make the majority of people believe so, and consequently a vote of the people for bonds to that amount would surely be against their issue.

On the other hand the people know that more primary and grammar schools are an absolute necessity and in spite of hard times they are willing to vote for \$80,000 worth of bonds with which to erect and furnish at least four new school buildings of ten rooms each.

This was demonstrated by the votes of the property holders of West Berkeley in mass meeting assembled on Tuesday evening last, and can be further verified by an interview with the citizens in the other sections of town.

This being the case we believe that the Board of Trustees when they call the election will call for the bonding of the town in the sum of \$80,000 for the purpose of erecting and furnishing four primary and grammar schools, and that the matter of voting bonds for a High School will be put off for awhile longer, as when the new schools are built the Kellogg school will suffice for a High School for some time.

THE BOND ACT VOID.

C. T. H. Palmer of the Oakland Paving Company, who is probably the best posted man in the State in the matter of street work, while reading the GAZETTE, which he receives regularly in Los Angeles, came across our article on doing street work under the bond act, and as the same paper contained the names of the committee to investigate the matter, appointed by the West Berkeley Progressive Club, he wrote to George Schmidt telling him that nothing can be done under the bond act as no one will buy the bonds, and consequently no contractor will do the work.

He advises that all street work be done as at present until after the next Legislature, when the Act will be made perfect, as he is now preparing a bill which will meet all requirements.

As the Legislature will not meet for a year and over we hope that the fact of the bond act being void will not stop street work as being done at present.

There is one thing in this world that in order to give satisfaction has got to be perfect, and that is a photograph. Naturally the artist who is thorough in his business and produces perfect pictures gets the trade. This accounts for the immense business done by Evans, the photographer at 1065 Washington street. He takes the finest photographs in the land for \$3 per dozen and has a large Berkeley patronage. 102

NOTICE OF PUBLIC WORK.

NOTICE is hereby given that on the 30th day of August, A. D. 1895, the Board of Trustees of the Town of Berkeley adopted its Resolution of Intent to improve the public interest and convenience by the closing up in part of Bancroft way, and of the whole of South street in the Town of Berkeley, therefore be it

To close up in part Bancroft way and the whole of South street.

Whereas, the Board of Trustees of the Town of Berkeley has found, and do hereby find the fact to be that the public interest and convenience require the closing up in part of Bancroft way, and of the whole of South street in the Town of Berkeley, therefore be it

Resolved, by the Board of Trustees of the Town of Berkeley that this Board deems it to be required by and for the public interest and convenience that Bancroft way in said town be closed up in part, and that South street, in said town be closed up in whole from the westerly line of California street to the easterly line of Third avenue, saving and excepting so much thereof as is included within the exterior lines of the following avenues and street to wit: Second avenue, Spaulding avenue and Sacramento street.

Resolved further, that it is the intention of said Board of Trustees to order the closing up in part of Bancroft way and in whole of South street, as hereinafter set forth to wit:

That the closing up of said Bancroft way in part and in whole of said South street, shall be effected as hereinafter set forth and as hereinafter more particularly set forth to wit:

First—Commencing at the intersection of the easterly line of Third avenue with the westerly line of Bancroft way, and running easterly along said westerly line of Bancroft way to the easterly line of Spaulding avenue, and from the westerly line of Spaulding avenue to the easterly line of Second street, and from the easterly line of Second street to the easterly line of Third avenue, and from the easterly line of Third avenue to the easterly line of Fourth street.

Second—Commencing at the intersection of the easterly line of Second avenue with the westerly line of South street, and running easterly along said westerly line of South street to the easterly line of Third avenue, and from the easterly line of Third avenue to the easterly line of Fourth street, and from the easterly line of Fourth street to the easterly line of Fifth street.

Met With An Accident.

Colonel John O. Hanscom of the GAZETTE met with an accident yesterday that may cause him to remain in bed for several days.

He took a ride yesterday afternoon with a friend and upon returning to the office, he missed the step in getting out and was thrown violently to the ground, the step of the carriage striking him in the center of the back as he fell.

The shock dazed him for a few moments after which the pain was so intense that he was compelled to go to bed. In the course of an hour after he went to bed a lump as big as a saucer appeared upon his back.

A physician was called and liniments were prescribed so that this morning the swelling had all gone down and he was resting quite comfortably.

It is fortunate that the accident was no worse, and it is hoped that in a few days he will be able to be around again.

Free Fun Tonight.

The great Zulu Medicine Company, all of them colored artists of merit, will open up in Sisterna Hall this evening. They are highly recommended by the press all over the United States. The troupe consists of a number of artists, both male and female.

There is no admission fee charged and an evening of fun is promised. During the evening the great Zulu root doctor will introduce his medicines, and will perform some remarkable cures on people suffering from chronic diseases, if any are present.

Charged With Rape.

A Portuguese named Silvia who is a well digger in Lorin, was arrested last night by Officer Esmond, and was taken before Judge James on a charge of rape. The Justice sent him to the County Jail until the Society for the Suppression of Vice could take the matter in hand.

Silvia has of late been hiring bicycles for young girls in Lorin and his actions became very suspicious. Last evening he was seen to go off with a young girl of about 13 years of age and her younger sister and Officer Esmond and a few young men followed him, and caught him shortly afterwards in act of debauching the girl, and he was at once taken into custody as the girl is under the age of consent. Silvia has a long term of imprisonment ahead of him.

We refrain from giving the girl's name on account of her parents, who are highly respected in Lorin.

Forrest Fires.

Egg Harbor, N. J., Sept. 26—Forrest fires are raging near this city and the whole town is out fighting the flames which threaten the city, the roar of which can be heard for miles.

That numerous bathers have been enjoying themselves today off Delaware street and off Bancroft way by plunging in the waters of the bay and that they were envied by many who did not have bathing suits handy.

Gratitude.

Gratitude is a short cut to sincere and lasting friendship. Some people complain that they have no friends. Have they never had a favor done to them? Why, every man has had a score of favors done him every day of his life! Those who bear it in mind, who say a word of hearty thanks, who watch a chance to do a favor in return, never lack friends.

An Easy Mark.

"May I ask what you have?" requested the tenderfoot politely.

"Ace high," said Alkali Ike grimly.

"Oh, dear me. And I've only got three kings. Seems to me I never have any luck at pokah."

"Taint all luck, mister. It's spereience. You'll l'arn arter awhile."—New York Recorder.

Adeline Street Sewer.

Notice of Street Work

NOTICE IS HEREBY GIVEN THAT ON the 13th day of Sept., A. D. 1895, the Board of Trustees of the Town of Berkeley passed its Resolution of Intention, number 46 A, to order the following street work to be done, viz:

That the Easterly side of Adeline street in said town from the center line of Ashby avenue to a point 470 feet northerly, be sewered to the official line and grade with a six inch vitrified ironstone pipe sewer with four-inch Y branches, one for each lot subdivision along the line of the work, and with one lamp hole at the northerly terminus of said work. The location of said sewer shall be two feet west of the easterly line of said Adeline street.

For further particulars reference is hereby made to said Resolution on file in the office of the Town Clerk.

But how much better it would be to have a small Imperial Gas Machine, and be your own banker and your neighbors' also. Furnish yourself with a beautiful, clear, steady light, and with fuel for cooking and heating purposes. See J. Scriber, Addison street, Berkeley, and he will tell you of the neighbors here who have them.

For Sale.

Very desirable property in San Benito county, only 2 1/2 miles from the town of San Benito. This land is well watered and would make a splendid fruit ranch, or for dairying purposes it is unsurpassed. This land is placed upon the market at the remarkable low price of \$6.50 per acre. Easy terms can be arranged by applying at once to G. D. Smith, Dwight way station, Berkeley. 118

Mrs. M. Schulz, corner 10th street and Alston way keeps choice groceries at her store in West Berkeley. She also keeps on hand fresh bread, pies and cakes. She has a nice hall to let. 83

Mrs. M. Fromm who conducts a branch of the Dwight way Home Bakery, would like to have your patronage. Her bread, cakes, pies and confectionery are always fresh. Also all kinds of fresh fruit in season. Corner of Eighth street and University avenue. 119

To the Public.

Having met with greater success at West Berkeley than it was supposed could be done, the undersigned have, according to the request of quite a number of West Berkeleys, made arrangements to stop on University avenue, corner of Seventh street, one week longer, or until Monday evening next. All work guaranteed to give satisfaction.
